PLANS MADE FOR FINAL DRIVE IN BOND CAMPAIGN

Meetings Will Be Held In Every Township Beginning Thursday and Continuing Until Monday To Reach New Goal.

FOR 50 PER CENT EXCESS SUBSCRIPTION

County Organization Acts in Accordance With Proclamation of President Wilson

FRIDAY LIBERTY LOAN DAY

Professional and Business Men Offer Their Services to Speak at The Meetings

With one hundred and twenty one percent of Rush county's Liberty Loan quota already reported at the state headquarters, plans are well under way by which local committees expect to reach the desired hundred and fifty percent by the end of the present week.

Under the direction of Rush county's war organization, patriotic meetings are being planned for every part of Rush county to be held beginning Thursday evening and continuing until Monday evening. The meetings are being planned according to the request of President Wilson who has asked that Friday, April 26 be set aside as a special Liberty Loan day. The observance in Rush county, however, will begin the evening before the day set aside by the president and continue three days after.

In every phase of war work Rush county has ever been among the first of Indiana counties to respond to the appeal of the government and in this particular drive, an effort will be made during the last part of the week to "go over the top" in the fifty percent excess quota which canvassers have been asked to raise before the final day of the campaign.

Professional and business men from over the county have offered their services for the patriotic meetings to be held in connection with the campaign and for the series of meets, the feature event of each program will be addresses by men who are well acquainted with the Liberty Loan campaign as well as other phases of the war work.

Canvassers everywhere over the county are still working tirelessly on their districts and it is believed by members of the executive committee that the present momentum will carry the county to the desired goal during the meetings at the end of the week.

Although the meetings for Rushville and Walker township have not been arranged for, the other township meetings to begin Thursday evening and continue until Monday evening will be as follows:

Orange Township
Thursday evening, April 25 at Moscow. Speakers, Donald Smith and J. A. Tittsworth.

Richland Township
Thursday evening, April 25 at the Richland school building. Speaker, W. R. Jinnett.

Union Township
Thursday evening, April 25 at the Gings school building. Speaker, Will M. Sparks.

Ripley Township
Friday evening, April 26 in Carthage. Speaker, W. R. Jinnett.

Perry Township
Friday evening, April 26 in Arlington. Speakers, J. A. Tittsworth and A. L. Gary.

Anderson Township
Friday evening, April 26 in Milroy. Speaker, Will M. Sparks.

Washington Township

Friday evening, April 26 in Raleigh. Speaker, Donald Smith.

Noble Township

Friday evening, April 26 in New Salem. Speakers, Robert E. Mansfield and E. B. Thomas.

Center Township

Saturday evening, April 27 in Mays. Speaker, Douglas Morris.

Jackson Township

Monday evening, April 29, in the Osborn school building. Speakers, S. L. Trabue and J. A. Tittsworth.

GERMAN SUBMARINES STARVING NEUTRALS

Food and Supplies Not Going Forward From the United States Because of Threats

HOLLAND MAY BE EMBROILED

(By United Press.)

Washington, April 23.—German submarines now are starving neutral nations, Holland, Switzerland, Spain and Sweden.

Food and agricultural supplies promised the nations by the United States are not going forward because German threats have frightened ship owners from sending bottoms for the supplies. The supplies were promised in return for use of ships.

Holland is badly in need of grain. Two dutch ships loaded with grain are in Atlantic ports waiting to sail. They cannot sail until two other dutch ships leave dutch ports for this side.

This is significant because of the fact that Holland now finds herself in trouble with Germany over old disputes and the reports here indicate that a break between the two countries is near.

Holland has a sturdy army but it is doubtful if she could withstand

DUTCH CABINET IN SESSION

(By United Press.)

The Hague, April 23.—The Dutch cabinet held an extraordinary session yesterday, it was learned today.

His meeting undoubtedly was held in connection with the reported friction between Holland and Germany from trade relations.

Women Go Over The Top With Their Loan Quota

Reports Today Show \$126,200 Subscribed, Which is \$1,200 More Than Their Allotment

CAMPAIGN TO BE CONTINUED

One of the most active sections of the local Liberty Loan campaign reached the first objective last night when reports showed that the women's department had reached the minimum quota some time during the day and by evening had climbed to \$126,200 which was \$1,200 over their quota.

In view to the request for fifty

Boy Scouts Sell \$24,000

Clock on Court House Shows This is Mark Reached Today in Liberty Loan Canvass, Which is Half Way to Their Goal of \$50,000.

GOING TO THE COUNTRY NEXT

With the liberty clock on the court house at the \$24,000 mark, indicating the sum raised by the three troops of Boy Scouts during the first two days of their Liberty Loan canvass, they continued their work in the city today with the enthusiasm, which will result in overwhelming success.

The campaign in the city is expected to be closed some time before the end of the week and at that time the campaign in the rural districts will be started. Preparations for that part of the drive have been made and assistant scout master Ruel Bennett will oversee the drive in the country district.

The goal for the Boy Scouts campaign has been placed at \$50,000 and the fact that they are half way today, indicates that they will be successful.

FOR ELECTORAL REFORMS

Two Hundred Thousand Stage Demonstration at Budapest

(By United Press.)

Zurich, April 23.—Two hundred thousand persons participated in a demonstration for electoral reforms at Budapest, Hungary, yesterday, it was learned here today.

Work and traffic was halted. Similar demonstrations were conducted in various towns on Sunday. Premier Seidler stated today that Galicia would be restored to Poland.

FRIDAY LIBERTY LOAN DAY

Gov. Goodrich Issues Proclamation to That Effect Today

Indianapolis, Ind., April 23.—Governor Goodrich today issued a proclamation designating Friday as Indiana Liberty Loan day.

He called on every citizen to lay aside his work insofar as it will not interfere with the prosecution of the war and for the success of the Third Liberty loan.

—Thomas McCullum of Louisville, Ky., has returned to his home after a short visit with friends here.

M'CONNELL CASE NOLLIED

Lack of Evidence Reason Given by Prosecutor and Witness

Paul McConnell of Indianapolis formerly proprietor of the Courthouse drug store here, will not have to stand trial on the grand jury indictment charging false pretense because the case was nollied yesterday on motion of the prosecutor and the presenting witness, Walter E. Smith, for the lack of evidence. It was alleged that McConnell mortgaged his drug stock and represented it to be free of indebtedness when he already had given a first mortgage on it.

SECOND ATTEMPT TO ESCAPE SPOILED

Deputy Sheriff Spivey Discovers Omer Smith Trying to Break Out of "Bum" Cell

PRISONER TAUGHT A LESSON

Had Bent Two Heavy Iron Bars With His Hands—Will be Placed on Trial Tomorrow

Omer Smith of Gings, who will come to trial in the circuit court tomorrow on a charge of burglary, tried to break jail again last night but he was frustrated by Deputy Sheriff Will Spivey.

Smith sawed his way to freedom a week ago Monday night and was caught in a few hours.

Last night he did not have the necessary implements, but he was making good headway when the deputy sheriff happened on the scene and spoiled his plans. The authorities are disgusted with Smith because he showed such a lack of common sense by trying to escape again. It is said that he shows the effects of his latest escapade because the deputy sheriff taught him a lesson in "jail manners." The report is that the officials are thinking of issuing a primer on "Conduct in Jail" and compelling Smith to learn it by heart.

Because of Smith's actions after once breaking jail, the deputy sheriff

HOMER MAN'S CAR IS RECOVERED IN TOLEDO

Don Mull's Machine Stolen in Indianapolis by Two Boys and is Traced by Detectives

IT IS NOT BADLY DAMAGED

The Oakland belonging to Don Mull which was stolen Sunday, April 14 in Indianapolis has been recovered and returned to Indianapolis, according to a telegram received from detectives in Toledo, Ohio, by the owner of the car who resides near Homer.

While parked in front of the Colonial theatre on North Illinois street in Indianapolis the machine disappeared and no trace of it could be found for more than ten days. The detectives who reported the car to the Indianapolis police station stated that it was taken by two Indianapolis boys, sixteen and seventeen years of age and that, according to the story of the boys, they had traveled over a great part of Ohio state.

The car has not been delivered to Mr. Mull but garagemen in Indianapolis, where it was left to be overhauled, stated that the condition of the machine showed that it had been driven by drivers who understood the mechanical part of an automobile. Despite the hundreds of miles it had been driven, it was not damaged to a great extent.

LOCAL ALLOTMENT \$3,000

What Local Council Must Raise on K. of C. War Fund

The local council of the Knights of Columbus have been notified that their allotment of the war fund of \$7,000,000 which will be raised in the United States is \$3,000. There are only 130 members in the local council and eleven of them are now in the service. Four more will be inducted into the service Saturday when they go to Camp Taylor, Ky., with the local increment. The allotment is based on membership and figures out about \$30 per member.

REGISTRANTS ARE ENLISTING FAST

Three Obtain Permission to Join the Marines and Two Will Enter The Navy

TWO OF THEM IN CLASS FIVE

Two Listed Under Call For Skilled Men—Change in Personnel of Taylor Increment

A number of Rush county registrants are being voluntarily inducted into the service or are obtaining releases from the county army selection board, showing they are not in the current quota, so that it will be possible for them to enlist in some branch of the service.

Men placed in class one on appeals by the district board late last week were undergoing their physical examinations today. Many of them are way up in the list and, if they pass the test, may come in the quota for the increment, which will be sent to Fort Thomas, Ky. This troop movement begins May 1 and continues for five days, but the date of the entrainment of the local men has not been received. Five men will be sent, but they will not be selected until the results of today's examinations are known, if the date of entrainment is not received before that time.

Two registrants have been listed for voluntary induction under the

COUNTY AGENT FUND FINALLY COMPLETED

Marion Detrick, Emergency Demonstration Agent, Recommended For Appointment

APPROPRIATION TO BE MADE

The fund which is Rush county's first decisive step toward securing the services of a county agent, has been completed leaving little doubt in the minds of rural residents but that their summer farming work will be made easier by the presence of an agricultural advisor.

The \$500 necessary before an agent can be secured for any county was reached yesterday when the last subscriptions were paid, and following an appropriation made by the county, the appointment will be made.

Rush county farmers are eagerly awaiting the coming of the proposed agent as their work has been made exceptionally heavy this year, due to the shortage of farm help and the demands which have been placed on farm superintendents by the government which is demanding crops of unusual size.

Marion Detrick, who has been acting as Rush county's demonstration agent for several months, has been recommended as the new agent for the county because of the excellent results he has already obtained here.

CARRY OUT A RAID ON TWO U-BOAT BASES

British Naval Forces Blow Up Concrete-Filled Ships in Channels to Block Submarines.

ON OSTEND AND ZEBRUGGE

Every Reason to Believe Bruges Canal Was Blocked, Sir Eric Geddes Says.

BRITISH CASUALTIES HEAVY

Official Report of Engagement Between Americans and Germans - Saturday Public

London, April 23.—British naval forces in a daring raid on the German submarine bases at Ostend and the Zeebrugge early this morning blew up five concrete-filled ships in the channels to block the progress of enemy crafts.

With the exception of our covering ships, our forces consisted of auxiliary vessels and 6 absolute cruisers. Five ships filled with concrete were abandoned and blown up.

London, April 23.—"There is every reason to believe that the entrance to the Bruges canal was blocked," Sir Eric Geddes, first lord of the admiralty declared in the house of commons this afternoon in referring to the British naval raid on German submarine bases.

"Our casualties were heavy. One British destroyer and two other boats were sunk and two launches are missing.

"An enemy destroyer was torpedoed. It is too early to say whether our object was obtained at Ostend. Only volunteers participated in the raid. The French co-operated."

Germans Leave 300 Dead.

With the American Army in Loraine.—The American official report on Saturday's engagement near Toul follows:

The losses sustained by us were no larger than could be expected.

The engagement was the most severe in which Americans had participated. The enemy's losses were greater than they have anticipated as is evident by more than 300 dead in the American trenches and in No-Man's Land.

The German wounded were taken back to their trenches and their number is not known. Heavy damage was inflicted by France-American artillery where the line joins.

Fifty Germans raided the American sector north of St. Mihiel Monday. The American artillery opened fire on the Germans when they reached the barbed wire entanglement. The German wounded were carried off but two dead were left on the wires. The Americans made a counter raid on the Germans, bringing back two prisoners.

British Take 60 Captives.

London—"We improved our position north of Albert by successful operations last night," Field Marshal Haig reported today.

"We took 60 prisoners.

"A number of enemy prisoners were taken in local fighting in the Robecq sector which resulted advantageously to us."

Raiding parties entered enemy trenches near Arras and penetrated their support lines.

"There was hostile artillery action yesterday and last night west of Albert and south of the Neippe forest."

"Our artillery engaged in hostilities."

Towns Disturbed By Lesser.

The Hague, April 23.—German provincial towns are disturbed over

Personal Points

—Guy McBride spent the day in Indianapolis, visiting friends.

—Miss Mable Glazier has gone to Cincinnati to visit her parents.

—Walter Ainsley of Connersville was the guest of friends here last night.

—Mrs. Ed Chambers has returned from a visit with friends in Columbus, Ind.

—J. E. Cleland of Connersville was the guest of friends in this city last night.

—Fred Sidlinger of Shelbyville, was the guest of friends in this city last night.

—Mrs. A. T. Mahin and daughter, Miss Margaret, spent yesterday in Indianapolis.

—Mrs. Fred Miller has gone to Indianapolis to spend several days, visiting friends.

—Mrs. J. M. Amos spent Sunday in Dayton, the guest of her daughter, Mrs. George Nichols.

—Miss Ruth Williams of Anderson township was the guest of friends in this city yesterday.

—Henry Bonner of Muncie was in this city yesterday, attending the funeral of his aunt, Mrs. Theodore Reed.

—The Misses Alice and Leonora Norris went to Indianapolis last night and attended the Galli-Curci concert.

Mrs. Roll Miller of Newcastle, formerly of this city, was here yesterday to attend the funeral of Mrs. Theodore Reed.

—Mr. and Mrs. Wilbur E. Todd and son Henry, of Dayton, returned to their home yesterday, after a short visit with friends here.

—Mr. and Mrs. Earl Hamilton and daughter of near Kingston spent Sunday here with Mrs. Hamilton's parents, Mr. and Mrs. Grant Gregg.

—The Misses Harriet and Margaret Lewis and David Franklin of Harrison, Ohio, motored to this city Sunday for a short visit with friends.

—Mr. and Mrs. Dora Hilligoss, Mr. and Mrs. George Hilligoss and A. L. Gary attended the funeral of Francis M. Springer in Indianapolis yesterday.

—Mrs. Lucile Hawkins and daughter, Rena, have returned to their home north of Indianapolis after spending a week here, the guests of Mr. and Mrs. C. C. Hawkins and family.

BEGINS INTENSIVE COURSE OF STUDY

Sixteen Machine Gun Companies at Camp Shelby Learn to Handle Their Weapons

BRITISH ARMY INSTRUCTOR

(By United Press.)

Camp Shelby, Hattiesburg, Miss., April 23—Sixteen machine gun companies stationed here started today on an intensive course in the study of handling their weapons.

Major William P. Carpenter of Indianapolis is in charge of the school. Assisted by Maj. A. T. Jackson of the machine gun corps of the British army Major Carpenter worked out the problems which will be presented during the training period.

The problems are similar to situations which arise in actual warfare. Other instructors have been chosen from among the troops stationed at this camp and many of them are from Indiana.

IRISH RESENT THE DRAFT

Hold Protest Today in Form of a Country-Wide Strike

(By United Press.)

Dublin, April 23.—In the country-wide, one-day strike in protest against conscription today Irish leaders planned an absolute stoppage of public service, including trains, street cars and newspapers.

A million Irish have signed the anti-conscription pledges. Even the Irish Nationalists members have decided to absent themselves from parliament.

NEGRO ROBBER ESCAPES

Throws Acid in Police Sergeant's Eyes at Terre Haute

(By United Press.)

Terre Haute, Ind. Apr. 23.—Charles Somepines, a negro, held on the charge of robbery, escaped today while being taken to the Vigo circuit court for trial when he threw acid in the eyes of Ed Doyle, a police sergeant who had him in charge. He may lose his eyesight. The search immediately began for the man in the land around the Wabash valley.

REPORTS 43 CASUALTIES

Gen. Pershing Gives Two Killed in Action And One of Wounds

(By United Press.)

Washington, April 23.—Two killed in action, one died of wounds, four died of disease, 9 wounded severely and 27 slightly wounded, made the total of 43 casualties reported to the war department today by General Pershing.

The Food Administration Says:

Germany has said that if she can only starve England she will win. If our Allies have to yield to Germany because of hunger, America alone will have to shoulder the burden of winning the WORLD WAR.

And so to save our Allies and their liberty and our own, we have pledged our youth, our wealth, our all.

But we are not prepared to throw millions of soldiers into the field at once. Our money can not buy bread and meat in Europe for our Allies. There is little there to buy.

We must give them food—REAL FOOD! They need wheat, meat, canned foods, fats. And though thousands of tons of it will be sunk by submarines, still we must ship, ship, ship, until we have saved democracy with food.

Three times a day—at each meal—think of America's glorious privilege: to feed the world while it fights its way to freedom. Then remember that you are standing guard, that the opportunity to win this war for humanity is yours.

BANKS CLOSE FOR FUNERAL

Pay Tribute to Memory of Theodore Abercrombie, Long a Banker

In honor of Theodore Abercrombie whose funeral services were conducted this afternoon, all of the banks in the city were closed during the funeral hour in order that the employees might attend the funeral. Mr. Abercrombie was formerly president of the Rushville National bank and was a director at the time of his death.

—Thomas Cooning has returned from Springfield, Ill., where he is employed for a short visit with his parents, Mr. and Mrs. Michael Cooning.

—Lee Marshall has returned to Omaha, Nebraska, where he is in training in the signal balloon service after visiting his parents, Mr. and Mrs. J. T. Marshall of near this city.

Wash That Itch Away

There is absolutely no sufferer from eczema who ever used the simple wash D. D. D. and did not feel immediately that wonderfully calm, cool sensation that comes when the itch is taken away. This soothing wash penetrates the pores, gives instant relief from the most distressing skin diseases.

the casualties resulting from the west front offensive. The papers are filled with obituaries.

An example during the first five days of the offensive the small front town of Bentheim had 67 dead and Gronau had 27.

Foch Is Supreme.

Paris, April 23.—The allies have given General Foch absolute power

GERMAN SUBMARINES STARVING NEUTRALS

(Continued From Page 1)

the force that Germany might use to overrun her. Holland complains that the Allies have not aided her in strengthening the army and it is to meet that complaint that the state department and war trade board are seeking to amplify supplies.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Hoarding Wheat

If all reports be true, there are a few Rush county farmers who have been so unpatriotic as to hoard their wheat when people are being urged to go on a wheatless diet until the next harvest on account of the shortage and when our allies are absolutely without this grain.

Whatever their motives may be, they should at least heed the request of the government and put it on the market at once. Nothing is to be gained financially because the price of wheat as fixed by the government will remain as it is. Every assurance of this has been given. Defeat of an amendment in the house to raise the price from \$2.20 to \$2.50 makes certain no advance is in sight.

Farmers marketed less wheat for the week ending April 6 than during any week this year, official figures show, only 2,242,065 reaching country elevators. In January receipts went as high as 4,227,306 bushels for one week. There has been a steady decline in movement of wheat to market since early in February.

Food administration officials estimate that 75,000,000 bushels of wheat is still being held by farmers. Withholding of the marketable surplus of this after 65,000,000 bushels have been deducted for seed and personal use, is looked on as unpatriotic hoarding. This 50,000,000 bushels together with the 75,000,000 or 100,000,000 bushels in terminal elevators and in transit would stretch over both domestic and allied needs until the next harvest, it is believed.

Forecasting the general requisitioning of wheat, attention was called today to instructions recently sent to state food administrators warning farmers to market their reserve of wheat by May 1 in middle and southern states, and by May 15 in the extreme northern states. State food administrators have been given full power to seize wheat held with unpatriotic intent. Broad construction is already being placed on this by many state officials and in many cases where farmers are refusing to sell wheat at the government price, the grain is being seized and paid for at the \$2.20 price.

For Ireland's Good

It is difficult for Americans to understand the argument that conscription in Great Britain should not apply to Ireland. Of course, there is the ready recital of Ireland's wrongs which will be made in reply—but surely that is not the present question. If Germany wins this war, Ireland will not have home rule or anything like it; while the Parliament which proposes to make conscription apply to Ireland offers at the same time a measure of self-government which will undoubtedly be extended in its terms as Ireland demonstrates its capacity for its use. One might as well say that conscription in the United States shall not apply to Alaska or Porto Rico as to say that conscription in Great Britain shall be made exclusive of Ireland.

Getting Results

The food administration's appeals for conservation and the elimination of waste are reaping results in substantial form, according to statistics on the collection of garbage. Not only have collections in the large cities been smaller but there was 30

BANISH CATARRH

Breathe Hyomei for Two Minutes and Stuffed up Head Will Get Relief

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei.

It will clean out your head in two minutes and allow you to breathe freely.

Hyomei will end a cold in one day, it will relieve you of disgusting snuffles, hawking, spitting and offensive breath in a week.

Hyomei is made chiefly from a soothing, healing, germ killing antiseptic, that comes from the eucalyptus forests of inland Australia where catarrh, asthma and consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at druggists everywhere and at Johnson's Drug Store.

If you already own an inhaler you can get an extra bottle of Hyomei at druggists. (Adv.)

Here's Where the Fun Comes In**Hit the Sawdust Trail**

A story is being told here of how Clayton Dagler and "Goat" Benning of the infirmary attached to the 139th Field Artillery at Camp Shelby, Miss., have "hit the sawdust trail." They go to the Y. M. C. A. every Wednesday evening as Hattiesburg women come out to camp that night of every week to sew on buttons for the hapless soldiers who can not ply the needle. Their comrades say that "Clate" and "Goat" invariably have a button off or a hole in their sock every Wednesday night.

Students in Arms—Why Not?

When the war bugle sounded the students in the colleges and universities were the first to respond. The higher institutions of learning in Indiana and throughout the nation have sent into military service from twenty-five to forty percent of their men. This noble response, however, must not lead us to think that these who continue their education until called by the government are less brave or patriotic than the ones who enlisted. The need of the country is not so much for men as for trained men. The schools and colleges are the training stations in which the future officers of the Army and Navy are being trained. This is pre-eminently an educated man's war. Science and technical skill are at the front. The high patriotic duty therefore, of every man is to continue in the high schools and colleges until the government calls him, in order that he may give his best to his country's cause.

Some young men and women are being tempted by unusual financial inducements to leave schools for employment. To do this is shortsighted; for the discipline of the schools is the surest guarantee of permanent business and professional success. We must do two things; First, we must win the war. To do this we must give our best in physical resources, in intellectual training and in personal power. Second, we must get ready to rebuild the world after the war. For that stupendous task all our acquired skill and wisdom will be demanded. Young men and women of America, stay in school till the government calls you. GEORGE R. GROSE, President, De Pauw University.

percent, less grease in that collected in February than in that collected that same month a year ago, according to reports received by Dr. Harry E. Barnard, federal food administrator for Indiana.

The report, compiled from statistics covering 76 important American cities, showed that garbage collections during February last were 14 per cent lower than in the same month of 1917. The report on the recovery of garbage grease covers 12 cities having a population of over 5,000,000.

Eat Less Wheat—Buy More Bonds

Wheat is required to supply our armies and allies with food. One-third of the needed wheat can be obtained from India, one-third from Australia, and one-third from the Argentine. By great conservation this country and Canada can supply all.

We all know that transportation is a vital problem now. Wheat from Bombay must be carried 12,000 miles, from Australia 12,500 miles, from Buenos Aires 6,250 miles, from America 3,000 miles. To get wheat from India, Australia and the Argentine to our armies and allies would require just four times the ship tonnage required to supply them from this country.

The duty of every American is to eat less wheat and buy more Liberty Bonds.

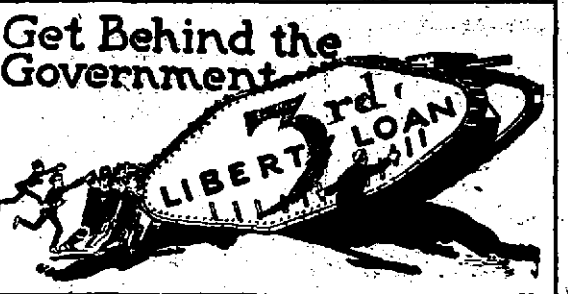

It will be many years before the ben tribe will cease boasting of the great age attained by their ancestors who flourished during the world war.

It would seem there is nothing too improbable to happen. A Kentuckian has died from too much whiskey.

That war garden will be just as big and as good as your patriotism will let it be.

The 20th Century Cleaners and Pressers**VOTE FOR****HARRY (HAL) GOSNELL OF ORANGE TOWNSHIP**

For Commissioner of the Southern District, on the Republican ticket, at the Primary Election to be held May 7, 1918.

Mr. Gosnell was the choice of his (Orange) Township in the Primary election held two years ago, by a majority of 29 votes over his nearest opponent, Mr. Charles Owen, also of Orange township.

It has been a number of years since Orange township was represented on the Board of Commissioners of Rush County, which entitles Mr. Gosnell to some consideration at the coming Primary election.

Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with lecithin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feren, not only in proper proportions to restore weakened vitality but in such form as the system can best assimilate them. A treatment of lecithin and iron peptonates as combined in Bio-feren increases the appetite, aids nutrition and invigorates the patient. And Bio-feren in its pellet form is easy and palatable to take—no liquid

from discoloration of the teeth, no unpleasant taste. There is no secret or mystery about Bio-feren. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic. The action of Bio-feren on the system is so beneficial, we are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied. There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feren. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking. Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Serravallo Remedies Co. Inc., Cincinnati, Ohio.

SAMMIES TACKLE SPEAKING FRENCH

Gus Williams In First Letter Home Since Landing Tells of Many Interesting Incidents

FRENCH CAN STILL SMILE

Account Given of Trip Over on Transport When Twelve Men Were in the Bunks

The attempts of the Sammies to speak French and the responses they receive in English from the French girls cause some amusement, according to the incidents related in the interesting letter received from A. N. Williams, Jr., better known as "Gus", who is in France with Company D of the 30th Engineers. It is the first letter received from him since he left this country in February.

"We saw a placard marked military canteen and we found two ladies in white aprons and caps and wearing a Red Cross. An officer attempted to explain his wants in French and was very much surprised when one of the ladies said, 'I speak English, Monsieur.'"

"You must remember in reading this letter that it is written with the thought in mind that it might be read by one of Kaiser Mill's spies and many things that would be of greatest interest cannot be said for the censor might object." (That the censor did object is shown by the many places in the letter from which words are cut out.)

"The trip across was a most pleasant one. The sea in the main performed in a very satisfactory manner. The only disagreeable feature was that safety precautions made it impossible for us to have but little air in our apartments. Our bunks were arranged in sections with 12 or more to a section, usually they were four deep. They had a maximum width of approximately 18 inches. My bunk was an upper one which was both good and bad—good when I was seasick because then I was not below the sick man, above, bad because of the air.

"We messed in cafeteria style, men fell into long lines and then passed rapidly by a table from which the chow was served. We ate standing at other long tables. Our chow was not bad—but it did seem to me that we had brought the available liver supply of the world with us and that we consumed it at a very early date.

"I had a flashlight when I left America but I didn't keep it long for everyone on board was taken to be kept for us and the matches suffered a similar fate except that they were not kept. At night no light whatever was permitted. At no time were we allowed to throw trash overboard as it would act for a trail for a 'sub' to follow.

"I remember many happy hours of my life but a few stand out as extraordinary ones indeed. Well it was one of those hours when I stepped on deck and saw land—France it was and I know how much happier I will be when I see America and the job is done."

An interesting account is given of the landing of the boys, the French

REGISTER AT THE RATE OF 51 A DAY

Rush County Voters Qualify For Voting Next Fall Faster Than Was Expected

AVERAGE OF 38 A DAY NEEDED

Six hundred and thirteen Rush county voters registered with the county registration board in the sheriff's office in the court house the first two weeks the board was in session, which is an average of fifty-one a day. If this rate could be maintained, all the voters would be qualified for voting at the election next fall long before the registration period closes. Counting six thousand voters in the county—and there are probably not that many—the average per day should be thirty-eight for them all to register.

About sixty registered yesterday and an equally large number was expected today because of the bad weather which keeps farmers from outdoor work. As a general thing, voters are learning that the law makes it incumbent that they register now if they want to vote next November.

LIVELY INTEREST IN EDUCATIONAL WEEK

Created by Speakers at High School Where Short Talks Are Made Each Afternoon

PRES. MILLIS HERE FRIDAY

A lively interest in the things which Educational Week in Indiana is promoting is being created at the Graham high school building where the special week is being observed with a short talk by some Rushville person each afternoon at 1 o'clock. Posters which have been sent out by the state committee showing what an education is worth in dollars and cents and urging high school pupils to continue their education, particularly at this time, are being read thoroughly by the pupils.

John A. Tittsworth addressed the high school this afternoon and Ernest B. Thomas will speak tomorrow afternoon. On Thursday afternoon at the regular assembly period Miss Mary Sleeth, librarian, will make a talk and Friday morning at 8:30 Pres. W. A. Millis of Hanover college will address the high school. Earl B. Marlatt of Kenosha, Wis., who was a member of the high school faculty last year, will speak to the high school Friday afternoon.

coaches in which they rode and their experiences in the small French shops.

"We are in the truly beautiful part of France," he continues. "Spring is here and the peasants are working harder than usual, I suppose, but in spite of work and war, all seem to be filled with the joy of living. I am sitting under a tree in the yard of a village church and the only sound that reaches me is the toll of a bell. It is hard to realize that the war is no longer 3,000 miles away but very near.

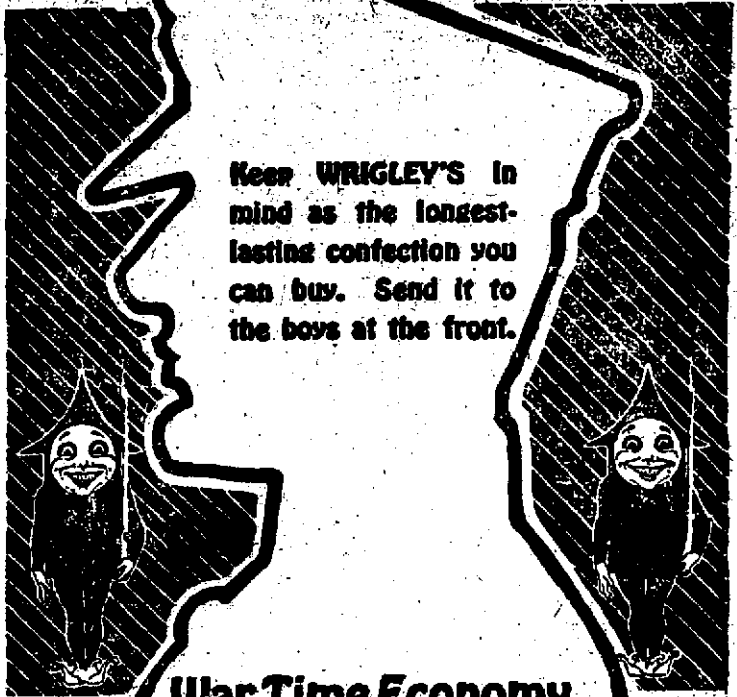

"Yes the French people are surely poor. Prices are very high. The young men are all at the front and the struggle for existence is a hard one. Judging France by America surely it is true that the French are feeling severely the pressure caused by the war but they do not seem disheartened. Sad they are, but they smile even though it is forced. Since the war was declared they have seen a good many Americans, yet our welcome was a warm one."

TO ADDRESS YOUNG FOLKS

Stanley B. Vandersall Will Speak at Homer C. U. Church

Stanley B. Vandersall of Columbus, O., the great convention man of Christian Endeavor, has accepted the invitation issued by Rev. P. O. Ort to address the members of the Christian Union church of Homer, Sunday afternoon and evening, May 19. Dr. Vandersall is national field secretary of the national Christian Endeavor society and has met with great success with his work among the young people of the church.

For sale by all druggists
Eckman Laboratory, Philadelphia

The W. R. C. will hold its regular meeting Wednesday afternoon in the D. A. R. rest room. All members are urged to attend for work is to be given. It is requested that all the quilt block be turned in at this time.

Mr. and Mrs. Harry Wyatt entertained Mr. and Mrs. George C. Wyatt and daughter, Miss Wanda at dinner last evening, the occasion being the celebration of their fourth wedding anniversary.

The meeting of the Tri Kappas which was to have been held this evening with Miss Fanny Stiers at her home south of Rushville, will be held next Tuesday night, April 30.

The K. of P. lodge will give a dance at the hall Thursday night. There will be good music and an enjoyable affair has been arranged by the committee in charge.

The regular monthly business meeting of the Baptist Ladies' Missionary Society will be held Wednesday afternoon in the church parlors.

The next meeting of the War Mothers will be held Saturday, May 4, instead of the 27th of April.

A novel idea was cleverly carried out when the junior class of the Milroy high school entertained the senior class last night in the school building. As the guests approached the building they were met by a patrol in khaki uniforms and were taken into the building where they

Amusements

Story of Adventure at Gem

Today at the Gem Falcon Features presents Vola Vale and Monroe Salisbury in a drama of American adventure amid royal intrigue, in four parts entitled, "Jollenstein." A one reel comedy, "The Baggage Man," with Pokes and Jukes in the leading roles will also be shown. Tomorrow a full program is promised with Harold Lloyd in, "Look Pleasant Please," the Pathe News, and episode 14 of "The Hidden Hand." In addition there will be a split reel cartoon of "Happy Hooligan."

Jap Actor at the Princess

"The Secret Game" which is being shown at the Princess today is a picture of unusual interest because of the bearing it has upon present day affairs. The noted Japanese actor, Sessue Hayakawa, who plays the leading part, is still a loyal citizen of Japan but has lived so long in the United States that he considers it as the land of his adoption and one of his highest ambitions is to see these two countries firmly established as friends and allies. When Hayakawa asked the director of "The Secret Game," what role he was to play and was told, "A Japanese spy," he refused to play, but when told that he was supposed to work in the interest of the United States government, he replied "That makes it all right." "His Mother's Boy," and a review of Camp Taylor, troops will be on the bill tomorrow. Geraldine Farrar in "The Devil's Stone," is Friday's attraction.

were met by more "soldiers" and taken to the gymnasium which was arranged to represent an army cantonment with tents, mess huts and officer's quarters. After a hair-raising trip to the trenches which were in the basement and undergoing a heavy bombardment, the guests were taken back to the gymnasium and after being presented with tin pans and cups, the mess call was given and they were served with corn bread and bean soup. The "soldiers" then, washed their cups and pans and had drill, which was followed by a short program, including the reading of the class prophecy. All of the guests were dressed in costumes appropriate to the occasion, there being a number of Red Cross nurses, canteen girls, President Wilsons, and Uncle Sams.

The members of the Odd Fellows and their families will be entertained on Thursday evening in the Odd Fellows hall when a program will be given under the direction of the Apr. social committee. The opening number will be patriotic music by the I. O. O. F. orchestra followed by the

audience singing, "The Star Spangled Banner." Other numbers on the program will include a talk by J. T. Arbuckle; vocal solo by Miss Sylvia Wolters, accompanied by Mrs. George Hogsett; reading by Miss Lavienna Compton, reading, Miss Prudence Pope; one act playlet, "The Man Hater." The program will begin promptly at 8:15.

Honoring Clifford Hardwick who will leave Saturday for Purdue university to enter military training, the employees of the Peoples National bank entertained with a dinner

party Saturday evening in one of the downtown restaurants. Yellow chrysanthemums were used for table decorations. The guests included Mr. and Mrs. Charles Updike, Mr. and Mrs. George Suess, Mr. and Mrs. Glen Foster, Miss Mable Updike of Westport, Mrs. Hardwick, Earl Payne, Miles Cox and E. B. Thomas. After the supper, a theatre party at the Princess was enjoyed.

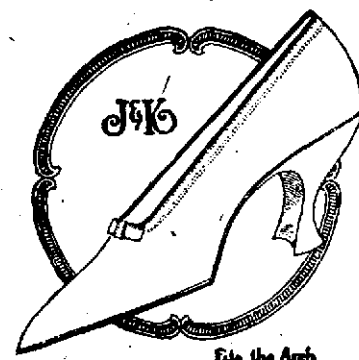

—Mr. and Mrs. Earl Harton spent the day in Indianapolis, visiting friends.

Why Not be Good to Yourself
If you awaken weary and unfreshed in the morning, or tire early in the day, are bilious and "blue," with coated tongue and bad breath—if you are suffering from indigestion or constipation—you will find Foley Cathartic Tablets quick to relieve and comfortable in action. They are a wholesome and health-giving physic with no bad after-effects. Stout persons welcome the free and buoyant feeling they bring. F. B. Johnson.—(Adv.)

IN FRENCH CAMP

Neff Ashworth Writes of Experience Which Lilly Base Unit Are Enjoying in France

ENTIRE UNIT VISITS PARIS

With American Barracks, Cook Shacks and Automobiles Camp Resembles American Town

An inside glimpse of the life of the soldiers in France is told in an interesting letter written by Neff Ashworth, with the Lilly Hospital Unit in France, to his grandfather A. Y. Neff of Connersville. Russell Kirkpatrick of this city is also with the hospital unit number 32 as are Miss Hazel Bennett, formerly of this city, and Dr. Dolph Humes of Indianapolis. The letter gave a thrilling account of the trip overseas and speaking of the experiences of the unit reaching France, says:

What a contrast to the country we'd just left!

"Darkness was coming on and we were billed to leave at 5:45, so we all returned to the French railroad station and were assigned to our respective coaches and our three days' rations distributed. This was hardly done than the "En cavitte" (or all aboard) was sounded and we were soon speeding on our way. No Pullman coaches now, nor even cushion seats. Just benches with backs to them, like an old-fashioned meeting house. There was room for seven men in each stall and we soon made ourselves at home despite the fact we had so little luxury or comfort.

But there was a plenty—so we were content.

It was night again. I had finished a book and had laid my head over on my partner's shoulder to get a little sleep, when we stopped. It was a long stop, longer than usual. Pretty soon our little sergeant began moving along the coaches—getting us out. What a night! Snow everywhere, and a bright moonlight over all. As we marched away from the train, and arranged things for living at least where they would take us to a place where we could get a little sleep. And they did. From that minute on I began to find out that I was going to be useful—for who was there to conduct us but a couple of Frenchmen—and no one spoke French but me. At least they weren't in evidence so I managed to find out what he wanted, and we all were soon tucked away in real cots with real mattresses and covers.

CYCLOPS PROBABLY IN NAMELESS GRAVE

Theory of Rushville Boy in the Navy is She Capsized in Gale—Large Superstructure

BEEN MISSING SINCE MARCH 4

That the Cyclops, on which Fred Beale, Jr., of this city was a second class seaman, has gone to a nameless grave—the fate of many vessels sailing on the high seas—is the solution of the mystery surrounding the disappearance of the vessel which has been missing since March 4.

A Rushville boy now in the navy, who was home on a furlough recently, is of the opinion that the Cyclops capsized in a gale and that no trace of her will likely ever be found. He was once in a port where his vessel was docked alongside the Cyclops. He observed her closely, and recalls that she was a big ship and had a large superstructure. This seaman thinks that in all probability the Cyclops hit a stiff wind and listed so far over that she suddenly flopped over and sunk, taking all on board with her. To support this argument, he points out that her cargo, manganese, was lighter than cork, which would make capsizing more likely.

What a sleep—and how it refreshed me. Next day we unloaded the train and arranged things for living as best we could. The third day found me on the train again bound for another western port of France, but this time we were on a different mission. I had been detailed to act as interpreter for a smad of men who were to go to this place and get our supply of trucks and ambulances and drive them back. What an opportunity!

We went through Paris of course, as all roads lead to Paris. After spending the night there we got on our train again and finished the last lap of our trip. On arriving at this port we were taken in hands by the American forces who cared for us all we got our machines and left. We met several Indiana boys there and it goes without saying that we had a bully good time. One would never have known we were in France there. American barracks, American cook shacks and American autos—gee, but it was great! We certainly hated to leave, but we couldn't stay there any longer, for our unit needed these vehicles badly, so after buying a map we set out. I was now official pilot, pathfinder, and "hollywogger."

We got back at C-ville at night and I'm not stretching it when I say they were glad to see us too. We all were set down to a good hot supper and a good warm bath afterwards. The next few days were ones of differentiated activities. Sometimes it was talking French and again it was filling prescriptions over at the little French Apothecary's shop. Everybody else nearly was hard at it carrying beds, fixing up rooms and cleaning up debris, preparatory to the reception of wounded. There is so much to be done. This town was probably a health or summer resort in peace times, and now the hotels here are being slowly converted into serviceable hospitals. There is a lot of red-tape to overcome in the taking over process which balls things up considerable. But slowly chaos has given way to order and we have cause to be proud of our location and circumstances. As I have said before, I am now Chief Pharmacist, and that position is not an easy one.

The dispensary and prophylaxis station is also with me and I have that added cure. And in addition to that I have to be the urologist till they can get the laboratory working. But it's all work that I like and as long as I can manage and keep up I'll be glad, cause I believe I can do more actual good service here than I ever could in any other quarter.

I have at present very nice quarters in which to stay. Another druggist stays here with me. Our room is adjoining the pharmacy.

Sometimes they get us out of bed in the middle of the night for medicine, and of course you can see the convenience in sleeping close to our work.

MAY APPROPRIATE FOR DEFENSE BODY

County Council Is Permitted to Make Available Funds for Use of Council of Defense

ATTORNEY GENERAL'S RULING

\$3,750 Regarded As Reasonable Amount for County Size of Rush.
—\$100 Already Appropriated

The state attorney general, E. E. Stansbury, has given an opinion to M. E. Foley, chairman of the State Council of Defense, to the effect that county councils may make reasonable appropriations direct to meet the expenses of the county councils of defense and Gilbert Hendren, chief of the state board of accounts, in accordance with the ruling, has prepared a classification of counties according to wealth and population and has specified amounts which would be regarded as reasonable appropriations for each of the classes. Rush county was placed in the sixth class. Hendren specified as a reasonable appropriation for this class \$3,750. Whether or not the Rush county council will be called on to make an appropriation on this basis is not known, but it is highly improbable. The county council appropriated \$200 last year to meet the expenses of the county defense body. At the annual meeting of the county council to make this year's appropriations, only \$100 was appropriated because the council thought that would be sufficient, judging by the way the last year's fund had been used. All that remained in the old fund reverted back to the treasury at the end of the year. The county council also has appropriated \$125 to pay for Red Cross war histories to be sent to every Rush county soldier.

The attorney-general in his ruling, recites the fact that the national council of defense was created by act of congress, August 10, 1917. "The law," says the attorney-general, "is intended to be broad and comprehensive and to enable the people through organization to meet the needs of the war."

The attorney-general says we must understand that a state of war exists so that "in construing laws, with a view to prosecuting the war, courts nor individuals should be captious, but should be liberal in finding a way, under the law, to aid the war." Recent court opinions are quoted in favor of a liberal construction for war purposes. The attorney-general then says:

"I believe this is the true and patriotic theory of construing laws in time of war. We find, under the federal statute and the Indiana laws, abundant authority to say that there is law authorizing the board of commissioners to ask for such an appropriation as mentioned by you, and the county councils have authority not in conflict with our supreme court decisions to make such an appropriation as they may deem necessary to assist the county councils of defense in procuring from the people the doing of their part in this great conflict."

"You also requested my opinion as to whether bills should be presented to the commissioners for all of the items for which such money would be expended."

"It would not be a reasonable construction to say that for each paper of pins or box of tacks purchased in that work a bill should be filed with

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in rubbing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (if often prevented previously).

30c and 60c jars, hospital size \$2.50.

ALL DEPARTMENTS BEING KEPT BUSY

Students of the Local High School Are Put Through an Amount of Outside Work

COMPLETE 2ND PART OF TERM

Prepare For Various Contests to be Held Here And in Shelbyville
—Many Contestants

Eleventh hour rehearsals for the senior class play the completion of the second part of the term work, accompanied by the usual nerve-racking exams, the sale of War Savings stamps, preparation for the various contests to be held in connection with the annual triangular meet at Shelbyville and the Four Minute Man contest being planned among the members of the junior high school, are keeping the students of the local high school in a round of outside work, such as they have never done before.

With the completion of last week's work in the local high school, the students have finished another six weeks of school leaving only five weeks of study before the final examinations.

The records for the recently completed part of the term have been exceptionally good, there being an unusually small number of failures recorded on the report cards which were distributed yesterday evening. Following the numerous days lost during the winter, members of all classes buckled down to work during the recent weeks and as a result have completely made up all of the time lost. School will close for the summer on Friday, May 31.

The preliminary contests in oratory, reading, vocal and violin music when the representatives of the high school at the triangular meet to be held in Shelbyville May 11 will be selected, will be held Friday evening May 3 in addition in the auditorium of the Graham Annex.

Seven students have entered the contest in oratory, four in the reading contest two in the violin contest and two in the vocal contest. Rushville is preparing to renew the record of last year when at a similar affair which was held in Shelbyville, the local high school representatives covered themselves with glory and took more prizes than the Greensburg and Shelbyville contestants together.

The track meet will be held in the morning and afternoon at the fair grounds and the remainder of the contests will be held in the opera house in the evening.

Lively interest is being displayed among the students of the junior high school in the Junior Four Minute Men Contest which will be held sometime before May 1.

The students entering the contest are preparing four minute talks on the Liberty Loan to be delivered in the presence of the school. Judges will be selected from among local professional men. The winner of the contest will be awarded a certificate and his name sent to the Liberty Loan department where it will be placed on record with the remainder of the winners of similar contests through the country.

the board of commissioners. I think it could be much more effectually used by making an appropriation direct to the council, and it would not be improper for the board of commissioners to require an accounting at some future date by the county council of defense.

Referring to his opinion, Mr. Stansbury said it was not intended to authorize appropriations from public funds, but preferred to continue its policy of raising money by private subscription.

RECEPTION FOR SELECTIVES

Wawasa tribe No. 193, Improved Order of Red Men, of Palmonth, has arranged a reception for Wednesday night for the selected men of the lodge who will join the colors this week. They will leave with the increment from Rush county Saturday morning.

The case of the state on the relation of Stella Wall against Dewey Neigh, a transcript from a justice of the peace court, has reached the circuit court for trial. Neigh is charged with a serious offense.

Potato Week

The Food Administration is asking that we use more potatoes and less wheat on account of the fact that at this time we have the greatest surplus of potatoes ever known at this time of year while the supply of wheat is the smallest ever known. It is not asked that we live on potatoes alone, but they should appear at every meal if possible.

PLANT MORE POTATOES

It is very rare for us to have two good successive potato crops, therefore we should make every effort to plant a large crop this year in order that we may be self-sustaining in case this should prove to be a poor potato year.

Make our store your daily marketing place, we can help you forget that wheat and meat used to be our principal food articles.

Fancy Eating Potatoes, 60 lb. bushels, from 90c to \$1.25
Fancy Seed Potatoes, \$1.25 to \$2.00
